JA Content

Volunteer Delivery

STEM-related content is included in JA the program.

STEM-related content can be easily integrated by the JA volunteer.

Elementary School Programs

Ourself ® uses compelling stories read aloud by the volunteer, along with hands-on activities to demonstrate helping, working, earning, and saving.			M	E			STEM
Our Families ® emphasizes the roles people play in the local economy and engages students with activities about needs, wants, jobs, tools and skills, and interdependence.				ST			EM
Our Community ® explores the interdependent roles of workers in a community, the work they perform, and how communities work.			M				STEM
Our City ® studies careers, the skills people need to work in specific careers, and how businesses contribute to a city.			M	E	STEM		
Our Region ® introduces the relationship between the natural, human, and capital resources found in different regions and explores regional businesses that produce goods and services for consumers.	CD for classroom use				STEM		STEM
Our Nation ® provides practical information about businesses' need for individuals who can meet the demands of the job market, including high-growth, high-demand jobs. It introduces the concept of globalization of business and the need for students to be entrepreneurial in their thinking.	Take-home CD for student use			STEM	STEM		STEM
JA More than Money ® teaches students about earning, spending, sharing, and saving money, and businesses they can start or jobs they can perform to earn money.	Take-home CD for student use		M		STEM		STEM
JA BizTown ® engages students in the role of workers and consumers both in the classroom and at a simulated business community.	Software for site visit		M		STEM		STEM

Middle Grades Programs

JA America Works ® provides students with examples of how business and entrepreneurship affected the economic development of the United States during the 19th century.	Take-home CD for student use				STEM		
JA Economics for Success ® explores personal finance and students' education and career options based on their skills, interests, and values, while demonstrating the economic benefits of staying in school.	Take-home CD for student use; Online JA Career Assessment		M				STEM
JA Finance Park ® helps students build a foundation for making intelligent, lifelong, personal financial decisions through hands-on, realistic site-based and virtual experiences.	Software for site visit; Virtual version of simulation		M		STEM		STEM
JA Global Marketplace ® provides practical information about the global economy and its effect on students' lives.	Take-home CD for student use						
JA It's My Business! ® emphasizes entrepreneurship while providing a strong focus on social studies, reading, and writing skills. Students use critical thinking to learn entrepreneurial skills as they explore and enhance their career aspirations.					STEM		STEM

High School Programs

JA Banks in Action ® teaches high school students the principles of the banking industry and introduces them to the challenges of successfully operating a bank in a competitive environment.	Software/CD for simulation			TM		M	
JA Be Entrepreneurial ® introduces students to the essential components of a practical business plan, and challenges them to start an entrepreneurial venture while still in high school.					STEM		
JA Business Ethics ® fosters ethical decision-making in students as they prepare to enter the workforce and the global marketplace.							STEM
JA Careers with a Purpose ® introduces students to the importance of seeking careers that help them realize their life potential and noble purpose.	Online JA Career Assessment						STEM
JA Company Program ® analyzes and explores personal opportunities and responsibilities within a student-led company.	Facebook tools; Microsoft office templates		M		STEM		STEM
JA Economics ® examines the fundamental concepts of micro-, macro-, and international economics.	Economics test bank		M		STEM	M	
JA Exploring Economics ® fosters lifelong skills and knowledge about how an economy works including micro-, macro-, personal, and international economics.			M			M	
JA Job Shadow ™ introduces students to careers through classroom sessions and one-day, on-site orientations in the workplace.	Online JA Career Assessment				STEM		STEM
JA Personal Finance ® introduces students to the importance of planning for their financial future.						M	
JA Success Skills ® provides engaging, academically enriching, and experiential-learning sessions in work-readiness education and career perspectives.	Online JA Career Assessment; Online tips and tools				STEM		STEM
JA Titan ® introduces critical economics and management decisions through an interactive simulation.	Software/CD for simulation			TM		M
